

## Day 2: Environmental Blizzard Bag - creating (choose #1 or #2)

1. Create a plan of action for our school and/or school district to become "greener". Think of some product choices / habits and predict the changes we would see if we were to be more "green". Choose one issue.

*\*think of classroom, cafeteria, bussing, electricity usage, etc.*

		Your score	Points possible
<b>Issue description and importance</b>	Thoroughly describes the issue. Thoroughly describes the importance of the issue.		10
<b>Current action / what we presently do</b>	Thoroughly describes current action and organizations taking action at a variety of levels.		10
<b>Action proposal</b>	Clearly explains action proposal and details steps to achieve it. Thoroughly explains importance of the action.		30
<b>Prediction</b>	What would happen if we incorporated this plan of action?		10
<b>Cost</b>	What costs would be associated with implementing this plan? Will the product cost more? If so, will there be an offset of cost somewhere else? If the plan doesn't cost extra money, will there be an offset cost or savings?		10
<b>Total</b>			70

2. Create a brochure for guests staying at a hotel that tells guests how the hotel is "green" and as a guest your choices to be more "green".

	Your score	Points possible
1. Title should have something referring to "green" front cover		10
2. And image / drawing for cover		10
3. List things guests can do (at least 3) inside of brochure		10
4. And image / drawing for inside for item 3.		10
5. List how these things help the environment inside of brochure		10
6. And image / drawing for inside for item 5		10
7. Make a fictions hotel (name, address, photo/drawing) back cover		10
<b>Total</b>		70

**\*\*you can use computer software or create with plain paper/construction paper**
