

- Beginning Tuesday, September 15, and each Tuesday thereafter, local health departments will report the number of newly reported and cumulative cases to the Ohio Department of Health. The Ohio Department of Health will publish this data by school or school district, including a breakdown by students and staff, each Thursday. "We understand there is a balance between privacy and transparency, and we do not intend for protected health information to be released in our effort to provide information to Ohioans so they can make the right decisions for their family," said Governor DeWine. "Please remember that if a school has positive cases among their students or staff, it does not mean the school did anything wrong. Schools cannot control spread in the community, so it is important to practice safety measures not only in the classroom but also when you're out in the community."
- The order will also require each school district or school to identify a COVID-19 coordinator to facilitate the reporting of case information, and upon request, schools or buildings are required to provide the local health department a copy of their pandemic plan."
- The following contacts are for parents/guardians, students and staff to notify the district regarding the notification ORDER of 24 hours. Please utilize these emails and direct contact numbers.

High School Students: All Parents/Guardians must notify the Dean of Student Support Services and Instruction, Leesa Lewis, by email at lewisl@buckeyehills.net and/or must call the High School Office at 740-245-5334, ext. 233.

Adult Education Students: ALL Students must notify the Dean of Post-Secondary Instruction, Jamie Bartee, by email at barteej@buckeyehills.net and must call the Adult Education Office at 740-2455334, ext. 330.

ALL Buckeye Hills Staff Members: Must notify the Superintendent by email at nashj@buckeyehills.net and must call the district office for further instructions at 740-245-5334, ext. 256.
