

Daily Self-Monitoring

- Parents and Students should monitor their own temperatures and health on a daily basis before coming to school.
- Our staff will check temperatures at the beginning of each school day. If a student has a fever at or above 100.4F they will be quarantine at school and sent home for further evaluation.
- All staff should monitor their own temperatures prior to the work day and will be required to have temperature taken at the beginning of each school day.
