

# Food Service

Buckeye Hills will offer food service. Logistics will be determined by our district in compliance with the Health Department based on:

- 6' social distancing requirements and/or physical barriers
- Students will be assigned to a program table. They will not be permitted to eat with other students from other programs. This is a requirement for COVID19 tracing.
- No self-service
- Individual condiments
- Students will be allowed to go outside during lunch periods for socialization. However, they must follow the 6' social distancing requirement or wear a face covering.
